

Building a Bank Brick by Brick

In 2011, Vision 2020 Inc accepted the challenge of restoring the old Red Boiling Springs Bank building with the goal of creating a Heritage Museum. Restoration began in earnest in the fall of 2014 when work began on restoring the exterior brick.

You can help complete this part of the restoration work by becoming a Brick Benefactor. Your \$20 donation to the *Building a Bank Brick by Brick* campaign will reserve a 20-brick-square on one of the exterior walls in your name or in memory of someone you choose. A plaque will be displayed inside the building recognizing all Brick Benefactors.

The building is listed on the National Registry of Historic Places. Care is being taken in restoration efforts to use materials that honor the history of the building constructed in 1929.

For more information on this restoration project, look for RBS Heritage Museum on Facebook or visit www.vision2020inc.com and click on the Heritage Museum tab.
